

Join Our VIP List

[Agency Name] · [City, State] — a small perk for the clients who matter most to us

The best hotels in the world greet their regulars by name before they reach the front desk. We think our best clients deserve the same. Members of our VIP list are recognized when they arrive — so the person who handles your account knows you're here, comes out to meet you, and greets you by name at the door. No waiting, no check-in, no explaining who you're here to see.

Choose how you'd like to be recognized

- ☐ By license plate (nothing else needed — just your plate number below). Plate(s): _____
- ☐ By face — we take a quick photo at the office (about two minutes), and the system recognizes you at the door.
- ☐ Both.

The plain-language facts

- This is entirely optional, and it only recognizes people who signed up. Everyone else who visits is never scanned, matched, or identified.
- Your enrollment is stored on equipment inside our office — not in the cloud. It is never sold or shared with anyone, for any reason.
- It is completely separate from your insurance information and is never stored on or connected to State Farm systems.
- It is used for exactly one thing: letting our team know you've arrived so we can greet you properly.

Leave the list anytime

Just tell us — a call, an email, or a mention at your next visit. Your enrollment is permanently deleted within 14 days and we'll confirm when it's done.

Sign-up

I'd like to join the [Agency Name] VIP list. I consent to the collection and use of the information I selected above (license plate and/or facial-recognition enrollment) for arrival recognition at this office, as described on this page.

Name (print): _____

Signature: _____

Date: _____

Best phone or email (for confirmations): _____

Face-based recognition is available where permitted by state and local law; where it isn't, the license-plate option provides the same arrival experience.
